

THE FAYETTE FALCON.

ESTABLISHED 1866.

SOMERVILLE, TENNESSEE, FRIDAY, OCTOBER 15 1920

NEW SERIES: VOL. XIV.—NO. 16

A Correction

The Falcon has heard some criticism of the County Board of Education for "giving" a horse and buggy to the principal of the negro school near Somerville, all of which is an error. Here are the facts. Margaret Ware, wife of the principal of that school, was appointed by S. L. Smith, Rural Supervisor for the colored schools of this county at a salary of \$75 per month. The State of Tennessee, the Jeanes Board and the Slater Board paying \$700 of her annual salary of \$900 and the county agreeing to pay \$200 of her salary and furnish her transportation over the county. The horse and buggy were bought for her and she uses it to travel to the different communities over the county in supervising the colored community organizations, boys and girls work, and any other work that is placed upon her by the school authorities. She has organized the colored people in the building of Rosenwald schools in almost a score of communities, raising about half the funds for such buildings among the patrons and getting the other half from the Rosenwald Board, bringing to the county each year many times in cash what her services cost the county, aside from the good she does in promoting a school interest among her people. These Rosenwald houses built without money aid from the county in most cases are deeded to the County Board, Mr. Rosenwald will not help except they are, and are the property of the county.

Just last week arrangements were made to build at Sinal near Braden a three room school that will cost \$1000 and not a penny will the county be asked to put in, yet it will be county property. Three other applications for Rosenwald aid were made at the same time, one for a new school just south of Laconia, one in the 12th district near Teague's Crossing, and others are being planned in different parts of the county and Margaret Ware is the moving spirit in this work. And every Rosenwald school gets one month's salary each school year from Rosenwald Board, the Rosenwald Board, the General Education Board and the Board named above, all working to aid negro education, pay three month's of the annual salaries of the teachers in the negro school near town, furnish the money to hold a colored institute one month each summer at the school, all while the County Board bears a small share of said expense.

The critics, if they had the least desire to be fair might seek information before they began to criticize in such a way. The writer has worked four years with the said county Board and never in his life has he seen five men who were more careful in spending public funds than was this Board against whom these criticisms were directed and which was composed of Wyatt Wilkinson, J. C. Perry, W. O. Wilder, D. K. Donnell, and C. H. Rice, with changes September 1, after the August election there are no more conservative business men in the county and the criticism directed against them in this case is unjust and every body knows was solely for political purposes.

The horse and buggy in question are the property of the County Board, are used strictly for school purposes, and can be disposed of by the Board whenever it sees fit or when the agreement with the Board mentioned expires, if it be not renewed.

New County Democratic Committee Organizes

The new Democratic Executive committee for Fayette county, elected at the recent August Primary, met at the court house last Monday and organized by electing T. A. Crawford Chairman for another two year term and S. A. Weizler Secretary.

The members for the districts are as follows by number: W. S. Newby, J. P. Perry, J. A. Johnston, W. H. Wilson, E. C. Boswell, B. F. Thomas, J. A. Weber, L. D. McAuley, E. W. Dunn, E. F. Pearson, F. J. McRee, C. A. Roach, T. H. Griffin, T. A. Crawford, W. A. Glover, and the following were elected as members of the Central Committee: C. A. Stainback, W. G. Shelton, E. T. Henley, W. H. Johnston, S. A. Weizler and J. T. Jordan.

A resolution endorsing Hon. Hugh P. Crawford for Representative and placing his name on the Democratic ballot was offered by C. A. Stainback and was adopted by the committee.

A resolution was also adopted calling upon members of the committee to busy themselves in their respective districts in getting Democratic voters to the polls on election day and getting them to vote.

ARE YOU RHEUMATIC

Many Pangs That Pass for Rheumatism Are Really Due to Weak Kidneys

Is it rheumatism?
Not every pain is.
Weak kidneys let uric acid collect.
Uric acid causes many queer pains.
In the thigh it's sciatica;
In the back, lumbago;
In the nerves, neuritis.
Gout, gravel, dropsy are uric troubles.

When you suspect the kidneys use Doan's Kidney Pills—
The home-recommended remedy.
Somerville testimony is the best proof.

Read this Somerville woman's story.
Mrs. W. K. Linard, says: "I had awful pains through my back, and sometimes it put me past going. I also had rheumatic pains in my hips, especially in changeable weather. I had to be helped out of bed when these attacks came on and my kidneys were weak and disordered. I knew something had to be done. I was nervous and getting worse every day. I read of Doan's Kidney Pills in the paper and decided to get a box at the Rhea Drug Co. Doan's helped me from the start, and with continued use, I was completely cured.
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. W. K. Linard had. Foster-Milburn Co., Buffalo, N. Y. Adv.

A Texas Wonder.

The Texas Wonder for kidney and bladder troubles, gravel, diabetes weak and lame back, rheumatism and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2226 Olive street, St. Louis, Mo. Sold by druggists.—adv. if

Hugh P. Crawford for Legislature

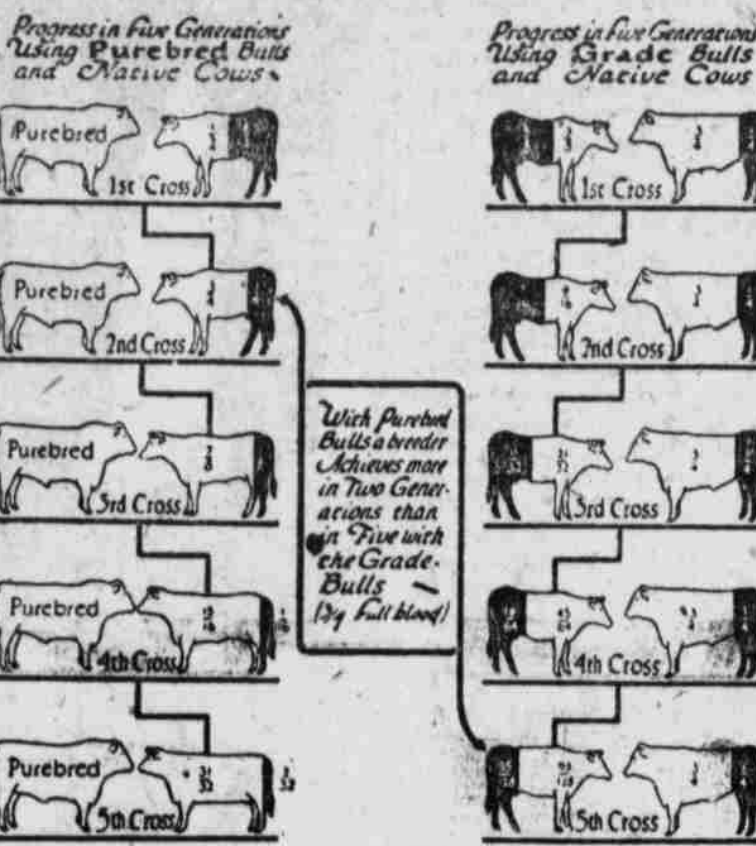

In the announcement columns this week appears the authorized announcement of Hon. Hugh P. Crawford of Williston as a candidate for Representative in the General Assembly of the state. He announces as a Democrat, the running in the General Election of Nov. 2. There was no legislative primary in the August election and hence no nominee of said primary, and Mr. Crawford asks his election in the general election.

Mr. Crawford ran in the special election held in this county in August to fill the unexpired term of the late D. C. Wells and was elected and served in the special session of the legislature in the past summer. His actions there made for him some very strong friends in this county and he asks re-election upon his record in that body. He is a substantial young man, lifelong Democrat and is capable of making the county an efficient and useful representative.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Price Drug Co.

PUREBRED SIRES AND HERD IMPROVEMENT

See How Rapidly the Proportion of Native Blood (Black Portion) Diminishes When a PUREBRED Sire is Used.

Replace SCRUB & GRADE Sires With GOOD PUREBREDS.

Join the "BETTER SIRES - BETTER STOCK" Campaign.

For full information, consult your County Agent, your Agricultural College or the United States Department of Agriculture.

The above chart shows the influence of pure-bred and grade bulls in the process of breeding cattle. The chart to the left illustrates the use of a pure-bred in grading up native cows, while the chart to the right shows the long drawn-out process when the farmer uses a scrub or grade bull. Note how rapidly the proportion of native blood (black portion) diminishes when a pure-bred sire is used as in the chart to the left.

With a pure-bred bull the breeder achieves more in two generations than in five with a grade bull. The moral of this story as livestock specialists of the Division of Extension, University of Tennessee, tell it, is to use pure-bred sires for herd improvement. Replace the scrub sires and the grade sires with good pure-breds. Join the "Better Sires-Better Stock" campaign. Consult your county agricultural agent, livestock specialist of the Division of Extension or the United States Department of Agriculture from time to time for any information you need.

Breeders over the state have sent in to the animal husbandry department of the Division of Extension a list of pure-bred bulls for sale. This list reaches into the hundreds and there is no excuse for any farmer being unable to breed to a pure-bred bull of his favorite breed, say livestock specialists. Names of breeders having pure-bred bulls for sale will be furnished by the livestock specialists on request. Campaigns to eliminate the scrub sire are now being conducted in many counties of the state. The drive is meeting with the approval of farmers and breeders and some counties have accomplished some very fine work along this line. If there is such a drive on in your county, and if you have not yet joined, study the above chart closely and see if you do not think that it will pay you to line up with the movement.

Meeting to Organize National Guard Company

A largely attended meeting of citizens was held at the court house in this city Monday night to discuss plans for the organization of a company of National Guardsmen. The meeting was well attended by young men interested in the proposed organization and by many business and professional men who are interested. Also, a number of ladies were present.

Talks were made by Hon. C. A. Stainback, Spanish war veteran, C. W. Crawford, County Court Clerk, Prof. J. H. Forbis of the Fayette County High School, Capt. E. S. Matthews and Capt. J. D. Rhea, both of the recent war, J. B. Summers, State Senator, and by Maj. W. E. Hobson of the Regular Army who was here visiting his parents, Mr. and Mrs. H. P. Hobson, and by Dr. J. W. Morris, Mayor of this city, and J. H. Quier who has been the most active one in securing from the state authority to organize a company to be known as Co. C, 1st Separate Battalion, N. G. S. T.

The following committee was appointed to assist Mr. Ozier in enlistment and organization: Dr. Morris, Capt. E. S. Matthews, C. W. Crawford, Hon. J. B. Summers, Hon. C. A. Stainback, H. W. Lipsey, and it is intended to begin enlistments at once.

Will You Spend 50c. On Rat-Snap to Save \$100

One 50c. pkg. can kill 50 rats. The average rat will rob you of \$10 a year in feed, chicks and property destruction. RAT-SNAP is deadly to rats. Cremates after killing. Leaves no smell. BLOOD IS FUEL TO THE BODY

Pumped Through the System by the Heart it Sustain the Muscles and Tissues

PEPTO-MANGAN HELPS BLOOD

Keep the Quality of Your Blood at its Best-it Means Vigorous Health and Ability to Accomplish

Blood acts like fuel. Pumped through the body by the heart, it sustains the muscles and tissues. It renews them. It feeds the brain the tissues of the eye and face. That is why people look so pale and listless when blood is impoverished. The body tissues are being supplied with weak fuel. The blood has not enough red corpuscles. You would not eat poor food with no nourishment in it; no more should you let the fuel that supplies sustenance to your entire body be inferior. Have good blood. Improve the quality and keep it at its best.

If you look pale and weak, if you have lost your enthusiasm and energy, if your blood is clogged with poisons, your system is being fed with a poor grade of blood. That is no way to go around. If you are not at your best, get the source of the trouble right away. Put an end to half-living.

Take that ideal tonic, Pepto-Mangan, to tone up your blood and purify it. Get the full enjoyment of living. Breathe fresh air, take exercise.

Be sure to ask for "Gude's Pepto-Mangan." It comes in convenient tablet form and in liquid. One has the same medicinal value as the other. There is only one genuine Pepto-Mangan and the name "Gude's" is on the package. Adv.

Ivy-Weber

A pretty wedding was solemnized Tuesday evening at 7:30 o'clock in the Presbyterian Church in Hickory Withe, Tenn., when Miss Annie Weber, daughter of Mr. and Mrs. W. A. Weber, became the bride of Mr. Fountain T. Ivy, the Rev. O. W. Wardlaw officiating.

The bride wore a suit of blue velvet with a black picture hat and a corsage bouquet of bride roses and valley lilies. The matron of honor, Mrs. S. H. Whitworth, sister of the bride, wore a model of blue satin with touches of real lace and a black velvet hat, her flowers being a bouquet of pink Killarney roses.

Misses Pearl Webb of Whiteville and Annie Gillespie of Brownsville served as bridesmaids. They wore attractive frocks of turquoise blue taffeta trimmed in Chantilly lace with arm bouquets of yellow chrysanthemums. The little ring bearer, Miss Olivia Reames, of Somerville, wore a dainty dress of yellow taffeta and carried the ring on a white satin pillow.

The groom was attended by Mr. John A. Weber, uncle of the bride, as best man, and Messrs. Stewart A. Weizler and Robert Reeder of Somerville served as groomsmen. The fathers were Messrs. Cleveland M. Reames of Somerville and S. H. Whitworth.

Following the ceremony an informal reception was held, after which Mr. and Mrs. Ivy left for a bridal trip. Upon their return they will be at home to their friends in Hickory Withe. "C"

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

Warren Community Fair

On Monday October 11th, a goodly crowd of people representing the northern end of District 8 gathered together at the Warren School to participate in their Community Fair.

Each department had many interesting and varied exhibits.

The Cooking Department consisting of bread, cakes, pies, and custards was in charge of Mrs. J. A. Douglass.

In the Canning Department, were many varieties of canned fruits, preserves, jellies and pickles supervised by Mrs. B. F. Terry.

Miss Sidney Harrison had charge of the Sewing and Fancywork Department in which were found many beautiful specimens of needlework.

The Department of Floriculture and Fine Arts was presided over by Mrs. W. H. Stafford.

The work of the Girls' Department, consisting of fancy work and plain sewing, cooking and canning, under supervision of Miss Bettie Carter, compared favorably with the work done by their mothers and older sisters.

An attractive and creditable School Exhibit had been prepared by Mrs. R. L. Jones and Miss Lucille Ozier, and proved quite interesting to the friends and patrons of the school.

In the Antiques and Relics were found mementoes of the Civil War, and an interesting collection of pictures taken by Mr. Williams, one of the first photographers in Fayette County. Mrs. Thomas Springer had on display a Somerville Falcon of 1867, and a Reporter and Falcon published in 1876, which created considerable interest and brought forth reminiscences of Fayette County in the Reconstruction Days.

Messrs. B. F. Terry, Will Oliver, Lee Cole and R. W. Emerson had charge of the Farm Products and Livestock Exhibits.

Mr. Reeder, Miss Ethel Thurman and Prof. M. L. Cozine of the Fayette Co. High School with his Agriculture Club acted as judges.

A cream separator on exhibit, was explained, and a demonstration given by the County Farm Agent.

A delicious and bountiful basket dinner was served. Sack races and games were features of the afternoon entertainment.

The success of the Fair was due in a large measure to the untiring and pains taking energy of our County Agents, Miss Brasfield and Mr. Pryor.

Died

On the afternoon of October the 8, 1920, at 3 o'clock, the death angel entered the home of Mr. and Mrs. Chas. H. Morris, and claimed their little daughter, Frances Janette, age 2 yrs 16 months and 24 days.

All that love and skill could do was done for the little flower that bloomed to fade so early, but death was inevitable. She was quietly laid to rest in Mt. Carmel (Union) Cemetery. There to await the resurrection morn.

Janette was a patient little sufferer for nearly two weeks then fell asleep in the arms of Jesus who said "Suffer little children to come unto me and forbid them not." Surely she was but a sunbeam sent from God to shine in the home a while on earth, then fade and deepen into the brighter light of heaven. Yes, little darling you have "Gathered at the River," where the happy hearts now quiver "with the melody of peace." Dead! but as the sun dies, but as the flowers fade to rise and shine and bloom again with new and infinite brightness in the beautiful garden of heaven.

How sweet in childhood to give the young spirit "back to God," ere it had feared to tread the path of sin. May God be with the bereaved ones in this hour of trial and help them to feel that "He doeth all things well." Heaven is far brighter and richer to you now. May her sweet baby life, that caught its heavenly purity and brightness from above, throw back mellowed beams of tenderness and love into your saddened hearts and draw you nearer in trust and service to Christ who is the stay and faceless joy of heaven.

Sweet little babe—blue eyed darling! With merry laugh and golden hair, you are, we trust, with Christ in heaven. To dwell through endless ages there.

Her Uncle,
SAM L. MORRIS.

Registration Hereafter in Tenth District

Attention of the County Election Commissioners was called the first of this week to the increased population in the tenth district by the last census which makes its lawful for the registration of voters in future elections as precedent to voting in that district.

The law requires registration in districts that have a population of more than 2,500. Until the recent census only three districts had this population and came under the Dorch law. With the increase in the tenth district to that figure there will hereafter be four districts using the Dorch law and registration.

The County Election Commissioners have interpreted the law as not applying to the approaching November election and passed a resolution at a meeting Wednesday declaring that the same rules apply to this election as have always applied in the district at no other, and that no voter be denied the right to vote on account of not having registered. The election there will be under this resolution exactly as in the past and a registration will be held in the district next August at which voters will be given an opportunity to register for future elections.

Thirty three days are necessary to order a registration, hold it and hold an election, and as 20 days must be allowed from registration to election, and 10 days notice must be given for a legal registration of voters.

James Stucky Says, "Rat Snap \$125 IN Pleading Bills"

"We couldn't tell what was crawling up our toilet and drains. We had to tear up the floor, pipes, etc. found a rat's nest in the basement. They had choked the pipes with refuse. The plumbers bill was \$125. RAT-SNAP cleaned the roodest out." Three sizes, 25c, 50c \$1.00. Sold and guaranteed by Rhea Drug Co., G. W. Locke, and W. S. Shinsault.

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. BAL-LARDS SNOW LINIMENT posess that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Sold by Price Drug Co.

ITCH!
Money back without question if HUNTS fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER or other itching skin diseases. Try a 25 cent box at our risk.

Sold by Rhea Drug Company
